		<p>network. Demand management strategies (Travel Plans) will then be required to minimise the anticipated impact of the proposed development on the transport system. The Travel Plan SPD will ensure that the appropriate developer contributions, through Page 15 Section 106 agreements, are secured and that the correct procedures are followed to ensure the successful implementation of the Travel Plan. A Travel Plan can deliver a number of benefits to new or expanded developments as follows:</p> <ul style="list-style-type: none"> • Less congestion resulting in local environmental improvements from reduced carbon emissions, pollution, and noise. • Increased opportunities for active healthy travel. • Reduced demand for car parking spaces.
