8. **PROGRESS REPORT: ENABLING PRIMARY CARE STRATEGY** (Pages 141 - 154)

This report summarises the feedback from a series of engagement sessions held with GP teams across Birmingham and Solihull during November 2022-January 2023.

The themes also reflect those heard from elected members and partner organisations over the course of the preceding 12 months in relation to concerns relating to GP access.

The report does not detail implementation plans to improve GP access, it sets out the approach by which we aim as a system to transform health and care services at a neighbourhood level. This approach responds to what we have heard locally, and reflects the recommendations set out by Claire Fuller in her National review of primary care service.

The feedback and themes are being incorporated into a Primary Care Strategy that is currently being drafted.
