

Solihull Safeguarding Adults Board Board Annual Report 2021-22 and plans for 2022-23

Easy to read summary

Introduction

The Care Act 2014 is the law about care and support for adults in England.

Its says what abuse and neglect is and how to stop it.

It says each area must have a group that works on keeping people safe. This is called a Safeguarding Adult Board.

What we did during 2021-22 to make a difference?

We have done a lot of work to make sure that as people grow up they are supported to do so without being harmed, or made to do things they do not want to by other people.

We have worked closely with Solihull's group that keeps children safe and the group that keeps the community safe.

Where we could have worked better together to keep people safe, we have shared these lessons with everyone to help us all to do better.

We asked the members of our Board to tell us what they have been doing to keep people safe.

We looked at what the government has said about keeping people safe to make sure we are doing the right things

We listened to what other areas have done to keep people safe, and decided whether we wanted to do something similar in Solihull.

What are we going to do in 2022-23 to keep adults safe in Solihull?

We are going to look at the things that could make people less safe and see how we can make things better.

We are going to look at how Covid-19 has affected people and organisations and what we can learn

We are going to talk to the community about what we should do to help.
